HELP DESTROY THE PAPER MONSTER THAT EATS AT THE PROFITS IN YOUR ORGANIZATION . . .

IN MANY COMPANIES PAPERWORK IS
THE DIFFERENCE BETWEEN PROFIT AND LOSS

Maintaining a piece of paper can be one of the most fruitless activities in your operations unless it is the result of properly formulated systems. Systems evaluation is the key then to controlling the "paperwork monster."

It isn't the paper and printing that is so expensive — that's only the symptom of the problem. It's the personnel cost of creating, handling, reading, and otherwise processing the paper, that really adds up.

NOW A MONTHLY SERVICE GIVES YOU THE KEY TO PAPERWORK CONTROL

The world's leading authorities on the use of forms and systems, brings you the kind of help you need to attack this serious problem.

A Sample of Editorial Features from FORMS and SYSTEMS

- Practical Forms Control
- The Use of Duplicating Masters
- Optical Scanner Systems and Forms
